Please do not reply to this message.

Hello, Neighbors!

The playground and surrounding area will be closed effective immediately until construction of the new fence is completed.

The area should be ready to reopen just in time for our Palm Sunday Potluck Celebration!

A temporary fence will be installed. However, out of an abundance of caution the area will need to be closed to ensure the posts are not moved and no one enters the pool area as work is still in progress on the pool as well.

The Board of Directors and Safety Committee appreciate your assistance in keeping the area clear while we work to ensure the pool is safe and ready for use as soon as possible.

Thank you.

Sincerely,

Magnolia Management Services, Inc. on behalf of Eagles Landing Subdivision Homeowners Association
